PROGRAMME NOTE

Written in December 1979 in London, the four movements energetically explore an ambiguously tonal sound world. The style is essentially neo-classical — rhythmically exciting and intense, yet revealing a poignancy of emotion behind a compact musical fabric.

Available to buy or rent, the full score is available in a ring-bound A3 portrait format, with a full set of A4 parts: 1.1.1.1 1.1.1 1.2 4.4.3.3.2
